| ORIGIN | Tamil Nadu |
| SEASON | Year-Round |
| CERTIFICATIONS | APEDA · FSSAI · GAP |

DESCRIPTION

Moringa (*Moringa oleifera*) — the "miracle tree" — is one of the world's most nutrient-dense leafy plants. India is the largest commercial producer, with Tamil Nadu accounting for the majority of moringa cultivation. The Tirunelveli, Madurai and Thoothukudi belt has the ideal climate: hot, dry, low-humidity.
