

**COMPANY PROFILE**

Global Standards. Indian Roots. Direct from Source.

**About Zoem International**

We help importers reduce procurement risk from India through verified sourcing, residue-compliant quality control, and reliable export execution.

At Zoem International, we export India's finest fresh fruits, fresh vegetables, whole & ground spices, seeds & superfoods, rice & heritage grains — sourced directly from handpicked farmers to importers, wholesalers, distributors, supermarket chains, food processors, and private-label brands globally.

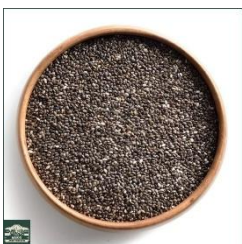

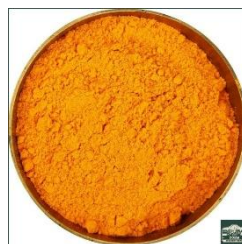

From farm sourcing to final port dispatch, we manage the complete export chain—ensuring every shipment meets your specifications for quality, freshness, documentation, and compliance.

Whether you need container loads, recurring supply contracts, or private-label packaging, Zoem delivers with precision.
